

Golf Son Muntaner, a pioneer in Mallorca in implementing the double tee-off.

- Golf Son Muntaner will implement the double tee-off in 2023 in the hours with the highest demand, coupled with outstanding service, which promises to raise golfers' experience to a new quality level.

Palma, August 12, 2022 - The double tee project at Golf Son Muntaner is an initiative of Arabella Golf Mallorca that is being launched with the aim of developing the infrastructure and services needed to provide golfers with a better experience and better service, positioning Golf Son Muntaner as a benchmark course not only in the Balearic Islands but also in Europe.

Double tee-off, double the chances.

Double tee-off is when a golf course offers simultaneous tee-offs from the first and tenth tees within a given timeframe. Golfers who tee off on the tenth tee finish their round on the ninth, and those who start on the first hole finish their round on the eighteenth.

A double tee-off benefits the course in several ways. First of all, it allows for better control of the pace of the game. If a group is delayed on one side, it will not affect the course the entire day. Secondly, the double tee-off maximises the number of tee times available so that golfers can play 18 holes at the most in-demand times. Third, there are fewer disturbances by field maintenance crews.

In order to take Golf Son Muntaner to the next quality level, the following improvements will be made:

- The starting times will be as follows:
 - 9:00 to 11:00 am
 - 1:20 to 3:20 pm
 - 5:40 to 7:00 pm (the latter in summer time)
- The starting time interval drops from 12 to 10 minutes.
- Three starting times are included during the 35 weeks of high season in the most in-demand hours.
- Increased services, which will benefit our customers at all times, from their arrival at the Clubhouse to their departure, by creating a Bag Drop area and redesigning the traffic flow at the club's entrance and exit.
- Extending F&B's opening hours by opening the restaurant at 8:00 am.
